Hi Gary -

Here is the analysis I mentioned. Minimizing the tax implications will be my concern now as I get out of it.

 Yes. I paid the loan off before requesting the illustration as you instructed.

 It was only toward the end of our conversation I recalled you clearly. Sorry.

Illus shows no loan. Did you pay it off with a partial withdrawal?

Hello again, Mr. Hunt -

I paid off the loan as we discussed and requested a current illustration of my Universal Life policy. The lady in the State Farm office said she's still waiting for the illustration from "corporate", but she was able to

generate one from her system (attached). Let me know what the next steps are and if there's anything else I can do.

Thanks!
